Dear Kevin Thompson,

The ARCOS data that you have requested is now available via our secure website –
OpioidAnalytics.com

To access the website, you will need to use the following username and password:

User Name: kwthompsonwv@gmail.com
Password: 4F8Hat5lCKn6

Upon logging in to the site, you will be asked to read and affirm that you agree to comply with the protective order. You must scroll through and read the “OPINION AND CONSOLIDATED ARCOS PROTECTIVE ORDER” and check both boxes stating that you agree to the terms of the protective order.

Once you agree to the terms of the protective order, you will be able to download encrypted files containing the county-level ARCOS data you are eligible to receive. If you feel that you are missing any data, please email arcos-support-2804_plaintiffs@ankura.com.

You may download the national “raw” ARCOS data by using BOTH the decoder and date file links at the bottom of the page.

These reports are designated as CONFIDENTIAL – SUBJECT TO PROTECTIVE ORDER.

While you are able to download the data, you will need a password to decrypt the files, which will be sent in a separate email.

Please note that some files, particularly the national “raw” ARCOS data, are very large and

EXHIBIT A

may be subject to long download times, which can be affected by network congestion during normal business hours. Please download only the files you need and if you experience slow download speeds, please try outside of normal business hours.

If you have any questions or issues, please do NOT respond to this email, instead, please direct any inquiries to: arcos-support-2804_plaintiffs@ankura.com.
